

# Plastic Pollution

## (It Has To Stop)

Iain Gilmour

### Verse 1

Ever tried to buy some food that wasn't in a pack?  
Matters not how big it is, from ready meal to snack.  
Fruit and veg in packs of four are wrapped up on a tray,  
Maybe shops are paranoid that it might run away!  
All we do when we get home is put it in the bin,  
Now it's getting ev'rywhere, pollution might well win.

### Chorus

Plastic's getting ev'rywhere, it has to stop.  
Started taking over so it has to stop.  
The ocean's got a plastic lake,  
Which proves it was a big mistake,  
Stop plastic pollution please, it has to stop!

### Verse 2

Plastic stays around for years it never goes away,  
Once it's dumped in landfill sites then it is there to stay.  
Even microplastic beads that face scrubs once contained,  
End up in a fish's tum once rinsed off down the drain.  
In the North Pole polar bears now have to watch their step,  
Just in case their feet get caught up in a plastic net.

### Chorus

Plastic's getting ev'rywhere, it has to stop.  
Started taking over so it has to stop.  
The ocean's got a plastic lake,  
Which proves it was a big mistake,  
Stop plastic pollution please, it has to stop!

## Bridge

Try to find another use for supermarket bags,  
Reuse or recycle please or we will have to nag.  
So!

## Chorus

Plastic's getting ev'rywhere, it has to stop.  
Started taking over so it has to stop.  
The ocean's got a plastic lake,  
Which proves it was a big mistake,  
Stop plastic pollution please, it has to stop!  
Has to stop!  
Has to stop!
